

An Introduction to Belly Dance

With
Suzanna Del Vecchio

The ancient art of belly dancing has been around for thousands of years. It was introduced in the U.S. at the World Expo at the end of the 19th century, and has captured the imagination of the American public ever since. The hypnotic & rhythmic dance isolations and combination steps are challenging and fun, encouraging grace, co-ordination and self-reflection.

Suzanna Del Vecchio has been practicing the art of belly dancing for over 25 years. She travels extensively throughout the U.S. and abroad teaching and performing. Suzanna has won several awards including “Dancer of the Year” by the International Academy of Middle Eastern Dance in L.A. in 2001. Suzanna has instructional and performance DVD’s on the international market. She also holds an annual dancers’ retreat in the Colorado Rocky Mountains, where students from throughout the world come to study with her.

Suzanna breaks down the movements in a methodical and easy to understand manner with close attention to body alignment and makes the classes lighthearted and fun with her approachable and easy manner.

Explore your femininity while having a fun workout.
